1. Project Summary

1.1 Project Overview

The **Student Essentials Store** is a solution for students and faculty to easily browse and select their daily academic and personal needs. It allows users to view products such as stationery, gadgets, and study materials, and add them to a cart using a phone or any smart device. This web-based application provides a simple and interactive shopping experience, reducing the effort of searching for items and making the process quick and convenient.

1.2 Project Scope

The web application provides a user-friendly platform for students to browse and purchase essential academic and personal items. Users can access the website and explore a range of products such as stationery, gadgets, and study materials.

The system allows users to:

- View available products with details like name, price, and description
- Add or remove items from the cart
- Update the quantity of selected products
- View the total price of items in the cart before checkout.
- Sellers can add items that can be purchased by buyers.
- Sellers can view their profile with the recent items added.
- Buyers can view their history of purchase in their profile page.
- Both sellers and buyers can reset their password.

Product browsing can be organized based on:

- Category (stationery, gadgets, accessories)
- Price range

The website also includes a contact section where users can submit queries or feedback through a form with proper validation.

2.0 General Description

2.1 Product Functions Overview

Types of users/actors

- 1. Buyers**
- 2. Sellers**

Buyers features

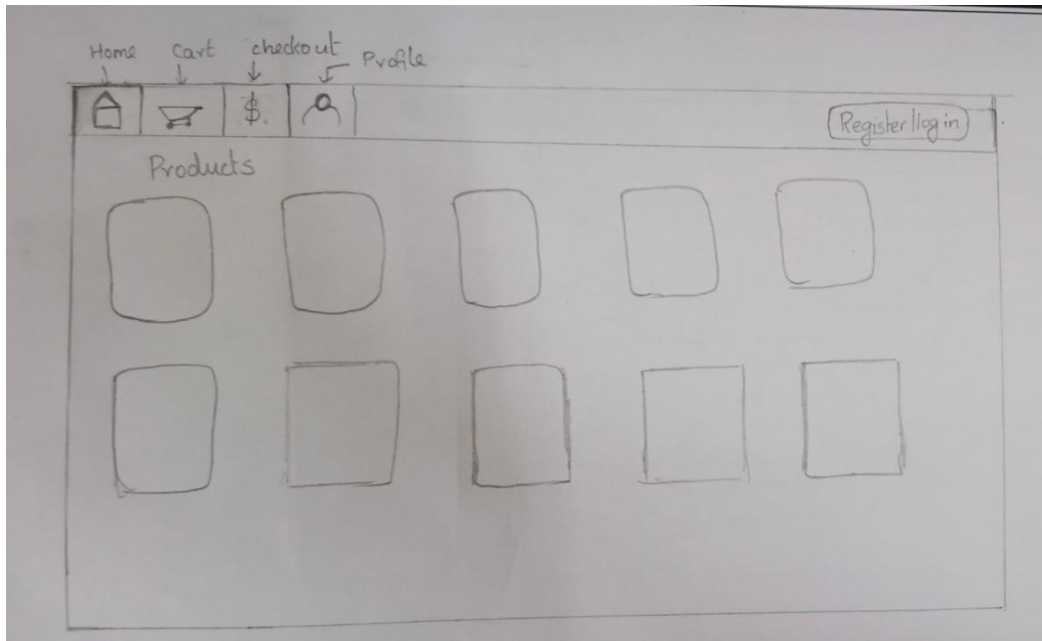

1. Register and login to the website.
2. Update their profile.
3. Add ,update and remove products from the cart.
4. Checkout and buy products in cart.

QUERY:

A hand-drawn sketch of a query form. It features a rectangular border containing the following elements from top to bottom: a label 'Name:' followed by a horizontal line for input; a label 'Email:' followed by a horizontal line for input; a label 'Query:' followed by a large rectangular text area with corner brackets; a rectangular button labeled 'Send'; and a section titled 'Pervious queries:' (note the spelling) containing a list of three items: 'query', 'reply', and 'delete query', each preceded by a small square checkbox.

SELLER PROFILE:

A hand-drawn sketch of a seller profile page. The page is divided into a left sidebar and a main content area. The sidebar contains a 'logo' in a box, a 'Menu' icon (three horizontal lines), and a list of menu items: 'New item', 'Revenue', 'Stock', and 'Profile'. At the bottom of the sidebar is a 'logout' button. The main content area is titled 'Seller Profile' and contains a circular profile picture placeholder. Below the picture are labels for 'Name:' and 'Email:' followed by horizontal input lines. Underneath these is a section titled 'Added items:' which contains four square checkboxes followed by an ellipsis. At the bottom of the main area is a rectangular button labeled 'Reset Password'.
